LANGUAGES
English - Full professional proficiency
Polish - Native proficiency

EXPERIENCE

SONARHOME | Web Developer
Apr 2022 - Jun 2023 | Warsaw, Poland · Remote
- Contributed to the creation and maintenance of LMS, a companion app for the company, utilizing technologies such as React, Next.js, GraphQL, and Python.
- Acted as a full-stack developer, responsible for writing and reviewing code for our Ruby on Rails backend.
- Successfully implemented various B2C and B2B features in SonarHome's primary application, with an emphasis on enhancing frontend performance.
